ARTICLE V

Covenants for Maintenance and Use Assessments

Section 1. Creation of the Lien and Personal Obligation of Assessments

Each Owner of any Lot, by acceptance of a deed therefor, whether or not expressed in such deed or conveyance, is deemed to covenant and agree to pay to the Association: (1) Annual Assessments, (2) Special Assessments for capital improvements. Such assessments to be fixed, established, and collected from time to time as hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. The Association also has the power to levy Specific Assessments against a particular Lot to cover the costs, including overhead and administrative costs, of providing services to Lots upon request of an Owner pursuant to any special services that the Association may offer or which the Association may otherwise provide to fewer than all Owners under the Declaration; and to cover costs incurred in bringing a Lot into compliance with the Declaration, or costs incurred as a consequence of the conduct of the Owner or occupants of the Lot or the Owner's guests or invitees. Each such assessment, together with such interest, costs, and reasonable attorneys' fees, shall be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments

The assessments levied by the Association shall be used exclusively for the purpose of promoting the aesthetic pleasure, recreation, health, safety, and welfare of the residents in The Properties and for the improvement, operation and maintenance of the Common Areas, utility corridor, water and sewage system operations, tax indebtedness of the Common Areas, and of the homes situated on The Properties.

Section 3. Basic and Maximum of Annual Assessments

After consideration of current maintenance costs and future needs of the Association, the Board of Directors shall fix the annual assessment of each respective year. Annual Assessments and Special Assessments shall be imposed in accordance with the Allocated Interests. The Association is not required to levy Specific Assessments in accordance with the Allocated Interests.

Section 4 Special Assessments for Capital Improvements

In addition to the annual assessments authorized above, the Association may levy in any assessment year, a special assessment applicable to that year only for any purpose of defraying, in whole or in part, the cost of any construction or reconstruction, repair or replacement of a capital improvement upon the Common Area including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (67%) of the Members who are voting in person or by proxy at a meeting duly called for this purpose. Such vote may be conducted by written ballot (including electronically) in accordance with the Colorado Revised Nonprofit Corporation Act. The Executive Board shall provide the Members with at least 30 days' notice prior to the due date of any Special Assessment.

Section 5. Basis and Maximum of Monthly Water and Sewer Assessments

After consideration of current maintenance costs and future needs of the Association, the Board of Directors shall fix the assessment for a one (1) year period of January 1 to December 31 of each respective year beginning January 1, 1986, and every year thereafter.

Section 6. Notice and Quorum for Any Action Authorized Under Section 4.

Written notice of any meeting called for the purpose of taking any action authorized under Section 4 shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of the total membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 7. Date of Commencement of Annual Assessments: Due Dates

The Board of Directors shall fix the amount of the annual assessments at least thirty (30) days in advance of each annual assessment period. Within ninety days after adoption of any proposed budget, the Board of Directors shall mail, by ordinary first-class mail, or otherwise deliver a summary of the budget to all the Owners and shall set a date for a meeting of the Owners to consider the budget. Such meeting shall occur within a reasonable time after mailing or other delivery of the summary, or as allowed for in the Bylaws. The Board of Directors shall give notice to the Owners of the meeting as allowed for in the Bylaws. The budget will be deemed approved unless, at such meeting, a majority of all owners veto the budget, in which case the prior year's budget will continue in place until a new budget is proposed and not vetoed.

The due dates for Annual, Special, and Specific Assessments shall be established by the Board of Directors. The Association shall upon demand at any time furnish a certificate in writing signed by an Officer of the Association setting forth whether the assessments on a specified Lot have been paid. A reasonable charge may be made by the Board for the issuance of these certificates. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

Section 8. Effect of Nonpayment of Assessments:

Remedies of the Association: Any assessments which are not paid when due shall be delinquent. Assessments are billed on the first day of the quarter and delinquent on the first day of the following quarter. The assessment shall bear interest from the date of delinquency at the rate of eighteen percent (18%) per annum, and the Association may bring an action at law against the owner personally obligated to pay the same, or foreclose the lien against the property; and interest, costs, and reasonable attorneys' fees of any such action shall be added to the amount of such assessment, or both. No owner may waive or otherwise escape liability for the assessments provided for herein by nonuse of the Common Area or abandonment of his Lot.

Section 9. Subordination of the Lien to Mortgages

The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage only to the extent required by C.R.S. § 38-33.3-316. Sale or transfer of any Lot shall not affect the assessment lien unless the Association fails to provide a statement of status of assessments in accordance with C.R.S. § 38-33.3-316. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 10. Exempt Property

The following property subject to this Declaration shall be exempt from the assessments created herein:

(a) All properties dedicated to and accepted by local public authority, (b) the Common Area. No land or improvements devoted to dwelling use shall be exempt from said assessments.

ARTICLE VI

Architectural Review

Section 1. Architectural Review

Before anyone shall commence the construction, reconstruction, remodeling, addition to or alteration of any building, wall, fence, or any structure whatsoever (including any outbuilding, playhouse, dog run, etc.), there shall be submitted to the Architectural Review Committee (herein referred to as the Committee), two (2) complete sets of plans and specifications for said improvements, the erection or alteration of which is desired. No such structure or improvements of any kind shall be erected, altered, placed or maintained upon any Lot unless and until the final plans, elevations, and specifications therefor have received written approval as herein provided. Such plans shall include plot plans, location of structures and improvements, floor plans, fence plans, and elevations, showing all aspects of dwelling and development of the Lot as an architectural unit, together with the proposed color scheme for fences, roofs and exteriors.

In order to avoid unnecessary hardships, it is recommended that all Lot owners contemplating construction or alterations, as mentioned above, submit preliminary drawings in duplicate of such planned work to the Committee to obtain tentative approval before incurring the expense associated with detailed or complete drawings, plans, or specifications. One set of plans and specifications and details, with the approval or disapproval endorsed thereon shall be returned to the person submitting same within thirty (30) days and the other copy thereof shall be retained by the Committee.

The Committee shall have the right to disapprove any such plans or specifications or grading or landscaping plans which are not suitable or desirable in the Committee's option, for aesthetic or other reasons, and in passing upon such plans, specifications, grading or landscaping plans, the Committee shall have the right to take into consideration the suitability of the proposed building or other structure and of the materials of which it is to be built, the color scheme, the site upon which it is proposed to erect the same, the harmony thereof with the surroundings, the topography of the land and the effect of the buildings or other structure or landscaping as planned on the outlook from the adjacent or neighboring property, the nature of and location of the community, and if it is in accordance with all of the provisions of this Declaration. It is not the intent of this Declaration to dictate specific construction styles, color schemes, or building materials except as specifically set forth in Article VII, but all improvements within the Association should be well-planned and designed to ensure that the improvements promote and do not detract from property values.

The Committee may disapprove if the plans and specifications submitted are incomplete, or in the event the Committee deems the plans, specifications, or details or any part thereof to be contrary to the spirit or intent of these conditions and restrictions. If the Committee votes to disapprove the plans or approves them with conditions, the Owner has the right to appeal the decision to the Board, or if the Committee is the Board, to a neutral hearing committee comprising at least three other Owners in the Association. Neither the Association nor any architect or agent of the Association, nor any member of the Committee by virtue of his membership therein on discharge of his duties required thereby shall be responsible in any way for any defects in any plans or specifications submitted, revised or approved in accordance with the foregoing, nor for any structural or other defects in any work done according to such plans or specifications. No building or improvements of any kind constructed or placed upon any of said Lots shall be moved thereafter without prior written approval of the Committee. In the event the Committee fails to approve or disapprove within thirty (30) days after all plans and specifications have been received by it, approval will not be required and there will be deemed to have been full compliance with the related covenants.

Section 2. Architectural Review Committee

The Architectural Review Committee shall consist of at least two (2) persons to be appointed by the Board of Directors and may comprise members of the Board of Directors. The members of the Architectural Review Committee shall, as long as the restrictions, covenants, and conditions herein set forth are in force and effect, perform the duties imposed on them as herein set forth. Neither the members of the Committee, nor its designated representatives shall be entitled to any compensation for services pursuant to this covenant.

Section 3. Fences

All fences shall be approved by the Architectural Review Committee and be designed and approved as an integral part of the design of the house. Replacement of a fence with the same materials in the same location does not require approval of the Committee.

ARTICLE VII

Land Use Restrictions

Section 1. Land Use and Building Type

No structure or structures shall be erected, placed, altered or permitted to remain on any Lot within The Properties other than detached single family dwellings, private garages, and other outbuildings incidental to residential use, except in the area allowed for Commercial Lots which shall be used for retail business, offices, and recreational purposes. An outbuilding as used herein shall mean an enclosed covered structure not directly attached to the dwelling which it serves.

No structure shall be erected, altered, placed, or permitted to remain on any Residential Lot with the Properties that exceeds one (1) story in height except Lots 2, 4, 5, 6, 7, 8, 19, 16, and 15 may be bi-level or tri-level construction, provided, however, in no event shall a bi-level or tri-level structure, as allowed hereinabove, exceed twenty-four (24) feet in height from grade measure at the mid-point of the front of the structure. Section 4. Re-subdivision of Lots

No lot or lots shall be subdivided except for the purpose of combining portions with an adjoining lot provided that no additional building site is created thereby. Any ownership or single holding by any person comprising the whole of one lot and part or parts of one or more adjoining lots shall for all purposes of this Declaration, excluding Assessment obligations, be deemed as constituting a single Lot. Not less than one entire Lot as originally platted shall be used as a building site. The removal of boundaries between Lots does not eliminate the Owners' obligation to pay Assessments for both Lots. The removal of boundaries between a Lot on The Properties and any property not on The Properties does not render the property subject to the benefits or burdens of this Declaration.

Section 5. Temporary Structures

No temporary house, trailer, tent, garage, or outbuilding shall be placed or erected upon any part of said Lots and no residence placed or erected on any Lot shall be occupied in any manner at any time prior to the exterior being fully completed in accordance with approved plans nor shall any residence when completed be in any manner occupied until there is compliance with all requirements, conditions, covenants, and restrictions herein set forth provided however, that during the actual construction or alteration of building on any Lot reasonable and necessary temporary buildings for

storage of materials may be erected and maintained by the person doing such work. Such temporary storage buildings shall be removed upon completion of the construction, alteration or remodeling. The work of construction, altering and remodeling any building or any part of The Property shall be prosecuted diligently from the commencement and completed with one (1) year of commencement.

However, an owner of a Lot may place for his enjoyment, an occupied trailer, or mobile home upon his Lot for no more than sixty (60) days during a calendar year. Use of such trailer or mobile home is subject to any restrictions or requirements imposed by Larimer County. Each request shall be passed onto the Architectural Review Committee to be reviewed and approved subject to the provisions of this Article. Members may store one unoccupied recreational vehicle on their property.

Section 6. Trash, Etc.

Each Lot shall provide a fully enclosed area for containment of trash, garbage, bottles, leaves or other refuse. Each Lot at all times shall be kept in a clean, slightly, and wholesome condition and weeds shall be kept mowed. No trash, litter, junk: boxes, containers, bottles, cans, implements, machinery, personal property not regularly used, lumber or other building materials shall be permitted to remain exposed upon any Lot so they are visible from any neighboring Lot or the street, except as reasonably necessary during the period of construction.

In the event any structure is destroyed either wholly or partially by fire or other casualty, said structure shall be promptly rebuilt or remodeled to conform to this Declaration or all debris and remaining portions of the structure including the foundations shall be promptly removed from the property.

No noxious or offensive activity shall be carried on upon any part of the above-described real property, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. The determination of whether the Association will take action to abate a claimed nuisance shall be made solely by the Board of Directors.

Section 7. Signs

No advertising of any character shall be erected, placard, permitted or maintained on any Lot except for a "For Sale" or "For Rent or Lease" sign no larger than twenty-four inches by twenty-four inches (24-24") placed on the property by the property owner, except the Commercial Lots may have signs not exceeding the size permitted by Larimer County regulations. Political signs permitted by the Colorado Common Interest Ownership Act are permitted for a period not more than 45 days before, and seven days after an election.

It shall be the responsibility of the pet owners to keep the Common Properties free from litter caused by and left by pets. The owners of any pets known to be at large shall be properly assessed by the Association for the cleanup expenses incurred as a Specific Assessment.

All pets will be controlled by enforcement of applicable Larimer County laws and individual pet owners will bear the risk and liability for the actions of their pets upon persons making use of the Common Areas and amenities and other Lots.

Section 12. Oil and Mining Operations

No oil drillings, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any Lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot.

Easements for public utilities over and across the Common Area shall be those shown upon the Plat, and such other easements as may be established pursuant to the provisions of this Declaration or as may hereinafter be granted over and across the Common Area by the Board of Directors.

Section 2. Maintenance Easements

Due to the anticipated style of improvements to be placed on certain lots within The Properties, an improvement may be located on or near its property line so as to make entry upon an adjoining lot or lots as necessary, incident to the maintenance, repair and/or replacement of such improvement. In the event the above situation shall exist, there shall be created because of such existence, an easement six (6) feet in width running from such improvement for the maintenance, repair, and/or replacement of such improvement. Construction of any structure shall be prohibited within these easements except as such structure shall be approved in writing by the Architectural Review Committee.

For title and other purposes, such easements shall not be considered or deemed to be encumbrances upon such adjoining lot.

ARTICLE IX

The cost of such exterior maintenance shall be a Specific Assessment.

The control and maintenance of the golf course, common areas, roads, and other amenities shall rest solely with the Association.

ARTICLE X

Water, Sewage and Utilities

Section 1. Acquisition

Additional water supply or sewage facilities including purchase, contract, rental, lease, storage, augmentation, use and exchange may be acquired by approval of two-thirds (2/3rds) of the voting membership. Such facilities will be part of the Association's Common Areas.

Section 2. Decrees and Adjudications

Each Lot Owner is bound by and hereby agrees to comply with all regulations and restrictions as may be required by the Homeowners Association to comply with the decrees entered in Water Cases w-8185-76 and w-6154-76 and all further adjudications or decrees that may be entered affecting the High Country Estates development or the Association.

Non-members may join the Association as non-voting members by submitting an application with an entrance fee to the Association; however, the Association may refuse to allow a non-member to join. Further, the Association is not obligated to provide water, sewer, or utility services or connections to any real property that is not subject to the Declaration and is entitled to a preliminary injunction to abate any attempt to connect to the Association's services without the Association's consent.

The Board of Directors shall establish entrance fees and yearly fees for non-members. Any non-member joining the Association for water, sewer, and utility services shall not have any right or privilege to use any other facilities, Common Area, or property of the Association.
